

St. Joseph Safety Plan

With recent events happening in our country, we have investigated ways of making our time at services safe.

We are making the following changes for everyone's safety and protection, starting next weekend, March 17 & 18, 2018. All school and church doors will be locked when services starts, except the handicap door at the main entrance of church, Door # 1, and this door will be monitored. There will be signs on the rest of the doors to let those not familiar with our safety plan know that the doors will be locked at the start of services. If you find yourself running late, that will be the only door for you to enter through.

If you have any questions, please contact: Fr. John Katamba,

Dave Baranczyk, Ray Blaser, or Mary Van Schyndel
